Covering Those Grant Areas:
Where are we?

What is fiber optics?

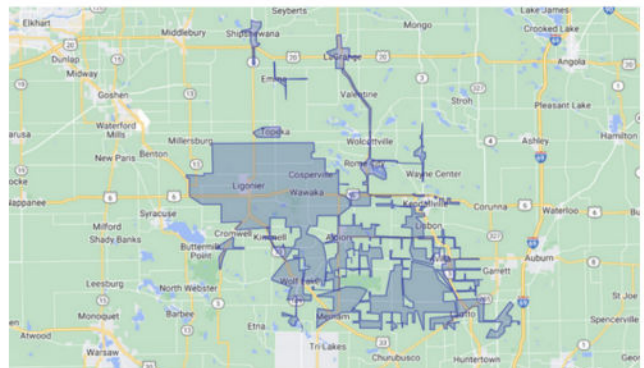

Happy Retirement, Carla!:
Carla Lucas is retiring after 27 years!

Covering those Grant areas!

LigTel is moving at top speed to get you the fastest fiber internet around. We are opening up new sections every week and won't be stopping any time soon.

We are also working on filling in those gaps the grant didn't cover. We are so thankful for our supporting community and are excited to see what the future brings.

Go to LigTel.com to view this map.

Are we in your area?

01/03

Kent

Kent prepares to splice fiber cables, a critical step in the installation process.

Mike

Mike carefully transfers fiber cables between boxes for better storage.

Shaun

Shaun separates the fiber tubes so that he can start splicing.

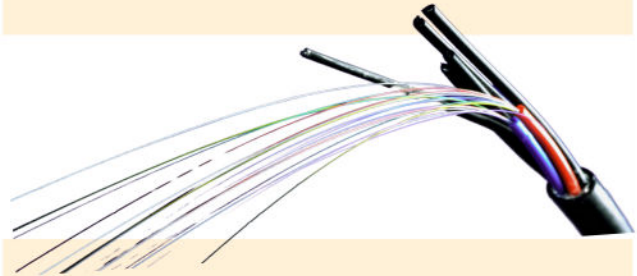

Fiber Optics: Future-Proof Internet

In today's digital age, connectivity is key. Enter Fiber Optics – the cutting-edge technology reshaping internet standards.

Fiber Optics transmits data via light pulses through thin glass strands, delivering lightning-fast speeds and unparalleled reliability, even over long distances.

What sets Fiber Optics apart is its future-proof design. As technology evolves, Fiber Optics remains adaptable and scalable, meeting the demands of tomorrow's digital world.

Fiber Optics: 5 Fast Facts

High-Speed Data Transfer: Fiber transmits information at rapid speeds using light.

Ultra-Thin Wires: These strands are thinner than a hair, making them space-efficient for data.

Eco-Friendly Tech: Fiber optics save energy and last longer, reducing waste.

Top-Notch Security: Light pulses keep your data safe from snoops and hackers.

Efficient Glass Design: Made mostly of glass, fiber optics efficiently transmits data over long distances.

Happy Retirement, Carla!

Retirement Open House for Carla Lucas!

Date: Wednesday, March 27

Time: 2 PM - 4 PM

Location: LigTel Main Office
414 S Cavin St. Ligonier

We wish you the best!

For the last 27 years Carla has been an integral part of the LigTel team. Her knowledge, hard work, and care for our customers and employees have set an example for the entire company. Carla will be greatly missed when she begins her well-deserved retirement.

*Mike Troup, General Manager of
LigTel Communications*
