Update: LigTel fiber build out

We have always kept you connected.

Learn about Harry Inks, and how LigTel has grown since the late 1800s.

Are you Connected?

At LigTel, we know how vital the internet is in our daily lives. Whether it's for work, fun, staying connected, or snagging great deals; it's essential. As part of this community, we're committed to providing the best internet and service, caring about your needs, and building connections. Explore the map to the right for updates on new service areas (red) as we expand coverage and lay fiber in Southwest grant sections.

Are we in your area?

LigTel Ligonier Telephone Company

Always CONNECTING You to What's Important

A Bit of History

Established in 1896

LigTel, formerly Ligonier Telephone Company, has provided communication services for over a century. Founded by Harry Inks and now in its 6th generation of family ownership, LigTel is committed to exceptional service and technological advancements.

With a 127-year history, LigTel has evolved from traditional telephony to

cutting-edge fiber-optic networks, meeting changing customer demands. We extend our innovation beyond Ligonier, offering high-speed internet to communities in various counties. Anchored by excellence and community involvement, LigTel delivers forward-looking communication solutions, shaping regional connectivity.

Early 1900s

Switchboard operators for Ligonier Telephone Company.

Mid 1900s

"Your number, please," soon became a thing of the past. LTC switched to a 7-Digit Dial system in 1963.

Early 2000s

LigTel brought fiber optics to Ligonier. LigTel wanted our community to have the best internet.

Now

Shannon Clark and John Strange bury fiber in Shippshewana.
